I recently spoke to you on the phone (2/27/97) about the possibility of visiting you and looking for certain types of files in your collection. As you may recall my interest is in:

- US Gov. Vs. Warren Comm. Critics
- Media assets to counter critics
- Surveilance & disruption of critics

I also spoke about a search I did of the new database at the archives of the materials released under the JFK Records Act. I mentioned that a manuscript version of "Oswald in New Orleans" was listed in these files.

I am including a copy of that item from Garrison's name search and the entire search results that I obtained when I searched for records relating to you.

I also am keenly interested in posting the long version of "CASE OPEN" on the World Wide Web - and if you know anyone at Hood College or Carroll + Graf that I could contact in the search for this, I will pursue them + attempt to locate it.

I would like to visit you in a few weeks and will call you in advance. I interviewed you in 1993 and have read five or six of your books. When I visit, please let me know if I can help you in any way. I will assist you in filing documents or finding documents in your files for you. I will do heavy lifting work in your house that you are unable to do (if you would like) when I am there.

I also video taped the award presented to you at the COPA conference in 1995 and made a tape copy that John Judge forwarded to you. Despite your contempt for those who "research" this case (in a sometimes amateurish manner) - they still love and respect you very much for

the work you have done on the JFK and MLK cases.

If you would like assistance in obtaining any of the files relating to you (that are on the list I am including in this package), let me know. I will request + obtain them from the archives for you. I have many from the list that I will be looking at myself and will be going there soon to search for items of interest to me.

Respectfully yours,
David W. Starks
